

The Bureau of State Audits received one or more of these letters of recommendation by mail after the supplemental application period ended at 5 p.m. on April 19, 2010. Due to varying post office hours and mailbox pick-up times that could have prevented persons trying to mail their letters just prior to the deadline in order to obtain a postmark of April 19 or earlier, the bureau accepted letters that were postmarked April 20. Accordingly, in fairness to the applicants, the bureau has accepted the letters as timely.
